Mrs. Angela Khoury

### Description:

Join us every Thursday and explore the joy of needle work!

From traditional to contemporary techniques, the Knit & Stitch Club enjoys various projects of crochet, knitting, embroidery, and sewing. But the most important part of this class is the friendship and fun moments created at each meeting. Experienced crafters can bring their own project and work on them.

Beginners will learn how to crochet, knit, and create beautiful embroideries. No experience necessary!
